Dear Madam,

Regarding rescheduling the Missed Assignment (IS4304)

I am Munsif M.F.A (EG/2021/4684) from the 23rd batch of the Faculty of Engineering (Computer Engineering). I apologize for my absence for the assignment that was held on 9th of April (Tuesday) in IS4304-Management and Organizational Behavior. I was unable to focus on my studies due to a fever that caused vomiting for the past three days. The symptoms seemed to be worsening, so I had to take a medical leave. I have attached my medical report for your reference. Please be kind to accept my apologies.

Thank you.

Yours truly,

.....
